

British Columbia Retired Teachers' Association

Golden Star Awards Program

Application Form

PURPOSE: The BCRTA believes that within every community there is a wealth of knowledge and wisdom among seniors that could be used to enhance the learning experience of students at every grade level, right from Kindergarten through Grade 12. Retired educators realize that many such programs, in fact, already exist in our public schools.

Therefore, five (5) BCRTA Golden Star Awards have been created to recognize and reward established school programs in the public system. These programs will have as their focus, the interaction of BC students with seniors.

In conjunction with the Royal Canadian Legion, BC Yukon Command Foundation, a sixth (6th) Golden Star Award has been created to recognize and reward established school programs in the public system that have, as the salient feature, the interaction of BC students and seniors and/or Veterans in intergenerational projects featuring remembrance and patriotism.

Programs eligible for consideration are those that feature intergenerational projects, whether at the classroom, department, school, district or community level. Programs in operation for a ***minimum of one full school year*** are eligible for an award consideration in the amount of \$2000.00.

Two awards in the amount of \$750.00 will be given for half-year or semester based programs who can then reapply in a consecutive year for an award if the program continues for a total award of \$2000.00

AWARDS: There are six monetary awards in total.

APPLICATION REQUIREMENT: The applicant *must* complete *all* sections of the application form. Only completed applications will be considered.

APPLICATION DEADLINE: April 15th of each school year

PROGRAM OBJECTIVES: Successful programs must demonstrate the interaction of seniors with BC public school students or in the case of the 6th award, the interaction of seniors and/or Veterans with BC public school students, and:

- require students to think and work creatively with their peers and with seniors;
- access and use the community as a resource;
- require students to interact cooperatively with each other and other participants;
- use a variety of media to report, communicate and display results of the program to peers and to the wider community.

USE OF AWARD MONEY: The award money is to be used to enhance the program.
